Languages

A horizontal bar chart titled 'Languages' showing the distribution of three languages. The x-axis represents the percentage of usage. The bars are colored blue for Python, green for Shell, and yellow for Batchfile. The data is as follows:

Language	Percentage
Python	93.0%
Shell	6.4%
Batchfile	0.6%

- Portable
- GUI
- Settings file
- Multithreading

- Select the desired emulator.
- Choose the output folder for covers (usually pcsx2/covers).
- Select the "gamelist.cache" file (pcsx2/cache).
- Choose your desired cover type.
- Press the start download button.
